Jeanne Tosti : Still Water: A Mystery Thriller before purchasing it in order to gage whether or not it would be worth my time, and all praised Still Water: A Mystery Thriller:

6 of 6 people found the following review helpful. Couldn't put it downBy GleyNWow, what a book! The story starts with Edie inheriting the old Victorian home she visited during her childhood. Someone wants her to sell this house and will do anything to get it. The plot develops and I could not put it down. The characters were well defined and you start to worry what's going to happen next. There is a nice romance developing also. I strongly recommend this book if you like a good mystery. I hope the author is working on the next book.0 of 0 people found the following review helpful. Commas, commas, and (misplacement of) commasBy JoyWhy is it that so many "writers" today have trouble with commas - trouble like not knowing when to use them, or where to put them? A case in point is the first paragraph of this story, which has many such problems. Just one example: "...a long boring, but unfortunately, obligatory cocktail party..." It's easy to fix: "...a long, boring, but unfortunately obligatory, cocktail party..." This sort of error just keeps coming, making the overall text difficult to comprehend without backtracking. A decent effort, regrettably spoiled by either (a) carelessness or (b) lack of knowledge of the basics of grammar.0 of 0 people found the following review helpful. Pretty goodBy Kindle CustomerKept my attention and had a plot I expected at least one cost but very enjoyable great for a quite afternoon

A sleepy town, an old mansion, and evil watching her every moveThe attorney took a brown envelope from his desk drawer and opened it. "These are yours now." He tipped the envelope and four antique brass skeleton keys slid out onto the table. . . .Paralegal Edie Harris has just inherited an old Victorian mansion on an idyllic rural pond. The stately home has been in her family for over a century. She is excited, but terrified by the financial consequences her grand acquisition may bring.She arrives in Brownsquo;s Landing emotionally torn by the choices she has to make, but before she can sort out a plan her luck runs out. Sinister forces are plotting against her. A mysterious accident occurs that almost takes her life and then a horrific tragedy strikes close to home back in the city where she lives and works. Is there a connection? Is someone targeting her? She joins forces with Peter Ogden, the local handyman, to unlock the secrets of the old Victorian estate. As they uncover clues their relationship grows, but so does the danger. Someone is willing to do anything to keep those secrets buried, and that includes murder. Can they find the link before she becomes the killersquo;s next victim?
